GEORGE K. ROBINSON

SUGGESTED FOR MAYOR

The Star has been requested to suggest the name of Mr. George K. Robinson as a suitable candidate for mayor of Ocala. His many years residence in the city, his willingness to ever aid in the material and social advancement of the city; a man of equitable temperament and business ability, without prejudices or malice or any entangling alliances or business interests or belonging to any faction or clique, he would make a admirable candidate and a fair and impartial mayor.

Mayor John D. Robertson brings the information from Orange, Fla. that a person by the name of Lindsay had been seen around Senator Baker's home for several days, and acted very suspiciously. The senator ordered him away, but he declined to go. The stranger proving obdurate and giving no reason for his prowling about, Senator Baker secured his shotgun and then the intruder complied, but not gracefully. The man crossed the fence and getting behind a tree, deliberately drew a revolver and fired at the senator, but the bullet went wide of its mark. Senator Baker fired a buckshot from his gun entering the chamber of the revolver used by Lindsay, which put the weapon out of commission and prevented the man taking a second shot at the senator. The senator's shot not only checked the would-be slayer, but part of the load entered the man's arm and chest. Senator Baker hastened the wounded man to Wildwood for medical attention. A warrant was sworn out for the arrest of Senator Baker, but the facts in the case being made known, that the acts of Senator Baker were purely in self defense, the charges were withdrawn. It is thought the wounds on the stranger will not prove fatal.

Captain T. H. Johnson is pretty well acquainted with Marion county and there are few sections of it he has not seen and on general principals he has rather a good opinion of it, but the other day Mr. Louis Lang took the captain and Mr. Julius Counts on a spin in his auto south of town and show him a particular section he had never seen, the plantations of Mr. Counts. After traversing the same, the captain is prepared to say he saw the finest lands in the state. On this plantation were quantities of hogs, horses and cattle ranging from the best in excellent condition. Every indication in the fields denoted good stock. He was especially pleased with the fine spring of flowing water and a never failing pond of water on the first plantation. On the second plantation he saw a big barn 20x40 feet and a good height, two storehouses literally bulging with pea vine hay as fine as can be grown anywhere. The captain said he never saw such a lot of hay in one pile in his life. The party passed through dense but level hammock almost as smooth as a floor, with not a rock in it, when they reached the hard road at Capt. S. R. Pyles', where rows of hay stacks met their vision. Speaking of the fertility of Mr. Counts' land, he said Mr. Counts made 300 crates to the acre and received for same very satisfactory prices. All over the vast fields could be seen the signs, "No Trespassing," and surely the owner had a paradise for hunting quail. The captain remarked that when it comes to fine and fertile lands that reward the faithful husbandman, commend him to Marion county soil.

The Manatee Record of this week is at hand and Editor Frank Walpole has published the letter of Mr. M. E. Gillett, manager of the Florida Citrus Exchange, in explanation of a private letter written Editor Harris of the Ocala Banner and portions of which excited great indignation in many editorial offices of the state because the version given some of the contents of the letter would have made it appear that he, Mr. Gillett, said "the newspapers (with no exception) have been purchased," and hence their indifference to the interests of the Florida orange grower and Florida Citrus Exchange. What Mr. Gillett referred to as "the newspapers" were the trade papers of New York City, who were discrediting the efforts of the Florida Citrus Exchange and fighting the battles of the commission men of that city, who largely patronize these papers with advertisements. Mr. Gillett also says: "You will note that there is a vast difference in what I actually wrote and the statement you (meaning the Manatee Record) copy from the Ocala Banner." That what Mr. Gillett wrote was intended to apply to individuals and organizations, opposed to the Florida Citrus Exchange. This is the version the Star gave to this matter when it first became ventilated, and it has no reason to change its opinion of Mr. Gillett's good horse sense, which he has always displayed in his 32 years' residence in Florida. He also says "as almost without exception the press of Florida has stood manfully by the exchange." The Florida Citrus Exchange of course has its knickers, but that the organization is destined to be of great service to the fruit growers of the state no man of intelligence can doubt, and the Star wishes for it all the success it deserves.

Mr. A. D. Conner of Rayford, Fla., is a guest of his son-in-law, W. C. Maxwell of the Florida House. He said his section used to be a big turpentine farm but the crop is about exhausted and the lumber gone and much of the land being put under cultivation. Cotton is the main staple and those who grew it this year were rewarded for their labors.

Mr. E. C. McLeod of Kendrick, is enthusiastic over the interior waterway convention to be held next week at Jacksonville. He said if they would endorse the Ocala canal from Silver Springs there would be millions in it for Marion county. Right you are, Mac, but then Ocala should cease expending so much hot air and get down to a legitimate business basis on this feasible business proposition.

Dr. J. C. Booser, the prime mover in awakening interest in the minds of the youth of Marion county in growing corn for prizes at the Marion County Fair, is receiving letters, postal cards and personal assurances from contestants that they will be on hand with corn exhibits at the fair.

PROSPERITY IS BOUND TO COME

The Ship Canal to Pass Thru Dunnellon up the Withlacoochee River Means More to Dunnellon than Phosphate

The following interesting news item and prophecy appeared in the Dunnellon Advocate of today:

The surveying party in charge of H. L. Fisher, of the United States government, arrived in Dunnellon last Saturday 18 strong, and left for their camp, which will be pitched near Galters, Saturday.

The party were all gentlemanly fellows and are a fine looking set of men.

The captain in an interview with the writer, stated that according to the map of route as laid out by the government, that the ship canal, which is now not only a project but an assured fact, will come up the Withlacoochee river from the Gulf, cut across to Leesburg, down the Oklawaha to Lake George, thence to the Atlantic ocean, making Dunnellon one of the best towns in Florida and cause her sister, Miss Ocala, to take off her bonnet and surrender to Miss Dunnellon, who will grow like the magic cities of fairy tales.

Dunnellon is coming to the front, property is a sound and safe investment, the people are open, liberal and not afraid to take a step forward and the few "calamity howlers" that are here will soon be relegated to the "tall timber," where they will have to go away back and sit down.

Boost the town and you'll find your property is a fine investment, for as soon as that canal gets here, ships that hold many thousands of tons can come almost to your door and load.

It's up to the merchants to get together and see that Dunnellon gets hers, Dunnellon a seaport where big steamers can come and load and unload their various cargoes.

The canal itself is an assured fact and that it can hardly be believed that this place will be in direct communication by deep sea with the Atlantic ocean and Gulf of Mexico, and with three railroads now in here and two more knocking at our doors will make Dunnellon the coming city of the interior of the state.

EXCITEMENT IN ILLINOIS

A Negro Rapist and a White Wife Murderer Lynched at Cairo

Cairo, Ills., Nov. 12.—With two lynched by an angry mob, another in imminent danger and the streets still filled with excited men, Cairo, after a sleepless night of riot, waits anxiously for the arrival of a hundred soldiers, who at present are on their way to quell the mob at the orders of Governor Deneen.

Will James, a negro, confessed murderer of Annie Polley, was hanged, riddled with bullets and burned early last night when a thousand determined men who had found Sheriff Davis and the negro after a twenty-four hour man-hunt, brought a prisoner here from Kanak, twenty-two miles distant, where the sheriff had hidden in the woods in order to save the negro's life. Henry Salzman, white, an uxoriicide, was later taken from a steel cell in the county jail and hanged and by the mob who up to that time were unsuccessful in capturing Arthur Alexander, a negro implicated by James as an accomplice in the slaying of Miss Polley.

The Swine or the Flower?

Oh me! I saw a huge and loathsome sty,
Wherein a drove of wallowing swine were barred,
Whose banquet shocked the nostril and the eye;
Then spoke a voice, "Behold the source of LARD!"
I fled, and saw a field that seemed at first
One glistening mass of roses pure and white,
With dewy buds 'mid dark green foliage nursed;
And as I lingered o'er the lovely sight,
The summer breeze that cooled that Southern scene,
Whispered, "Behold the source of COTTOLENE!"

"Nature's Gift from the Sunny South"

COTTOLENE is a pure and wholesome frying and shortening medium, made from refined cottonseed oil. There is not an ounce of hog fat in it to make food unwholesome, greasy and indigestible. As evidence of its superiority, COTTOLENE received Grand Prize (highest possible award) at the Louisiana Purchase Exposition.

Made only by THE N. K. FAIRBANK COMPANY, Chicago.

tion; and Gold Medals (also representing highest awards in each case) at the Charleston Exposition, the Paris Exposition, and the Chicago World's Fair. In fact, in every case where COTTOLENE has been exhibited in competition with other cooking fats, it has invariably been granted the highest award.

REV. A. C. SIRDEFIELD

Resolutions on the death of Rev. A. C. Sirdefield by the Woman's Christian Temperance Union of Bellevue, Fla.

Whereas, God in His infinite wisdom has seen fit to call to his eternal home our dear brother, Rev. A. C. Sirdefield, who while a pastor in Bellevue was an honorary member of the Woman's Christian Temperance Union; therefore,

Resolved, That we highly appreciate the noble stand he took for temperance while among us, giving time and strength and voice in earnest endeavor to help free our state and country from the terrible scourge of alcoholic drinks.

Resolved, That while his stay was upon earth, his citizenship was in Heaven, and his exemplary life was ever a shining example of how a Christian ought to live.

Resolved, That though we know that life to him meant much of weariness and suffering and sorrow; and in going from the land of the living to the land of the hereafter, he is set free from it all, to be forever with the Lord, yet we realize that his beloved wife is left in loneliness to mourn his loss, and to her we would extend our heartfelt sympathy, and commend her to the loving Father who careth for her and who "doeth all things well."

Resolved, That a copy of these resolutions be spread upon the records of the Woman's Christian Temperance Union, a copy forwarded to Mr. Sirdefield and copies to the Ocala papers.

We learn that several new papers are contemplated in various parts of the state within the next few months. Next year is "political year" you know, and there is an idea obtaining among a certain class of would-be newspaper men that a political year means riches for the editor. A newspaper established for purely political reasons is never a howling success. Enterprising Recorder. Then he candidate who feels that he must have a personal "organ" that will boost his political aspirations, helps to finance the political paper. Those who subscribe get "stuck." The legitimate newspaper is not an "organ." The season to start "organs" and separate the unthinking from their money is at hand.—Levy County Times-Democrat.

Rev. W. J. Nease returned to his home at Martel Friday last. While here assisting Pastor Norton in the revival services Mr. Nease won the hearts of many of our people by his loving presentation of the message of salvation. The prayers and good wishes of our people follow him. May his labors here bear much fruit. As a token of appreciation a purse of \$40 was made up for Brother Nease by citizens and members.—Levy County Times-Democrat.
